

## Portable POS

### Take payments on the move

Our Portable POS terminal has become a central feature of our clients' payment solutions where practicality, customer satisfaction and speed are paramount factors.

Whether it's for kitchen trolley services, Q-busting, outdoor events or BBQ's, our Portable POS gives you the flexibility to expand your operation and take payment anywhere.

***"We use Systopia's Portable POS for our rooftop terrace BBQ's. It lets our staff pay without having to leave the terrace to use a Fixed POS."***

## Clip In, Clip Out

The Portable POS comes with a fixed - position docking station through which it charges. You can use the docking station to operate in a traditional static position.

Simply un-clip the Portable POS terminal from the docking station and away you go.

*"With our 5-year fit for purpose guarantee"*

## Pay Your Way

The Portable POS can accept a variety of payment types to suit your organisation. A small Cashless Card Reader can attach to the terminal allowing customers to pay by tapping their ID card or wristband. They could also pay with credit/debit card as a wireless PDQ can accept both Contactless and Chip&PIN payments.
